

Happy Monthsary my dear Tera!

Thank you for being around me for the past 23 months and I hope that we will be together for even longer and forever. I love everything about you, and I hope that we can work hard together to become what we want to be. You will be starting work soon, so I wish you all the best in that! Stay safe and have fun with the remaining time in Melbourne. I love you very much and see you soon to choose our flat together HEHE! Happy monthsary Tera, I wuffu very much!!!
